ENJOIN BROTHERHOODS FROM ENTERING UPON BIG RAILWAY STRIKE

CHICAGO, Sept. 1.—Suit for an injunction against all striking employees of railroads in the United States and union officials was filed today by Attorney General Daugherty. The action named individual unions now on strike, as well as railway employees of the department of the American Federation of Labor, directed against the presidents of unions.

The United States government was granted a temporary restraining order against the six striking railroad shop craft unions and their officials and members from interfering in any way with the operation of railroads and their properties. The order was granted by Federal District Judge Wilkerson. The hearing on the permanent injunction will be Sept. 11.

The underlying principle involved in this action is the "survival and supremacy of the government of the United States," said Daugherty, concluding a plea for the court order. The plea for an injunction, Daugherty said, was made necessary by the fact that there comes a time in the history of nations when the people must be advised whether they have a government or not.

GOLDFIELD DEV. IS NOW MAKING FINE SHOWING

Holdings Are Located Twenty Miles Southwest Famous Gold Camp Mines

The Goldfield Development company's Gold Hill mine is now responding handsomely to development and the already known ore reserves are increasing at a most satisfactory rate.

The Gold Hill mine is considered to be another instance of a potentially great mine, the development of which was halted by the untoward conditions of recent years. The surface showing is considered by mining men to be one of the best in southern Nevada and mining men consider that it was a shrewd deal on the part of officials of the Development company which enabled them to buy a mine for a low cash price in the face of competition by less active operators.

The estate consists of nine claims covering the outcrop for over 2,000 feet of a great vein filling a fault fissure in lime and shale. The main vein varies from 14 to 70 feet in width and consists of a siliceous body carrying a heavy percentage of iron in the form of oxides. First development to a gross depth of 270 feet has been by means of tunnels connected by raises and in over a length of 1,100 feet on the vein three large ore shoots have been developed by this work. A fourth ore shoot has now been proven by the more recent work.

The ore is more than commonly uniform in both extent and value and can readily be mined to a grade of approximately \$10 per ton in large quantities. Gross ore reserves so far developed aggregate in value several hundred thousand dollars and but little additional work will allow the exact measurement of the ore shoots so far disclosed.

To the east of the present developed area the vein has only been prospected by surface cuts, which, however, indicate the presence of other large shoots of ore. One section of the vein is shown by such cuts to be 70 feet wide and to show values of \$7 per ton. Further work at this point is a probability of the early future and according to results in other sections of the vein this

THE WEATHER

Local observer United States weather bureau.

Current: 5 a.m. Noon 56° 78°

Wet bulb: 44° 60°

Relative humidity: 36% 36%

Temperatures, Extremes: 1921 1922

Maximum yesterday: 80° 79°

Minimum yesterday: 57° 55°

POINCARÉ IS FORCED TO ACCEPT PROGRAM

PARIS, Sept. 1.—Premier Poincaré was won over to the German reparations settlement yesterday only after a definite statement had been circulated in allied circles that independent action by France against Germany at the present juncture would be construed in London and Rome as a nullification of the Versailles treaty.

RICHARDSON IS STILL GAINING OVER STEPHENS

Officeholders in Sacramento Are in Consternation Over the Upsetting of Dope

SAN FRANCISCO, Sept. 1.—The majority of Hiram Johnson for the senate nomination was cut to 48,550 in returns from 6,141 precincts. Richardson's lead for governor went to 22,957 over Stephens.

SACRAMENTO, Calif., Sept. 1.—Consternation continued to reign among state officers and employees here as a result of the complete "upsetting of the dope" by the elimination of Governor Stephens in the primary and the nomination of Friend W. Richardson. It was felt at the capitol that regardless of whether Richardson republican gubernatorial nominee, or Thomas Lee Woolwine, democratic candidate, were successful at the Nov. 7 election, there will be more or less of a cleaning up among the appointive officeholders.

GREAT SUMS SPENT ON BEHALF VETERANS

WASHINGTON, Sept. 1.—More than \$1,849,000,000 has been expended by the government on behalf of former service men through the veterans' bureau, according to a statement showing the bureau's expenditures to Aug. 1.

SECRETARY OF LABOR WANTS WINES, BEER

CHICAGO, Sept. 1.—James J. Davis, assistant secretary of labor, announces his stand in favor of beer for steel and mill workers in the chapter of his autobiography, "The Iron Puddler," which is now on the press, as a preface to observations on that subject. Davis likened the temperance in the tin mills in summer time to the fourth of July in Abyssinia.

PRINCE GEORGE GETS LONG BANISHMENT

BELGRADE, Sept. 1.—King Alexander has deprived his brother, Prince George, of all communication with the royal house for twenty months for making untrue allegations calculated to damage the interests of the state. He will be required to live at Nish.

TWO PAY PENALTY IN ELECTRIC CHAIR

OSHSING, N. Y., Sept. 1.—Luther Boldy, negro slayer of two New York City detectives, and Herbert Smith, convicted of killing the postmaster at Nueve Station, N. Y., paid the death penalty in the electric chair at Sing Sing prison last night.

VIOLATION VOLSTEAD ACT CAUSES ARRESTS

SPOKANE, Wash., Sept. 1.—Thirty-one men and women, arrested in liquor raids by the police, sheriffs and federal officers during the night, were held in \$2,000 bonds each, charged with felonies. Twenty-four places in the city and county were visited. Warrants have been issued in still other cases, it was stated.

NO MORE BASEBALL DURING THIS SEASON

The baseball season has drawn to an end and there will be no more games played in Tonopah this year. Invitations from Big Pete, Bishop and Ely to visit those places have met with the response from Shelton McClain, manager of the Eagles, that the dates cannot be fulfilled by reason of the impossibility of the local players being able to leave for any extended period. The support of the Eagles' team, the best and fastest organization of tossers that has been assembled in Tonopah in years, was not up to expectations and the management of the team was a losing proposition, hence the decision to abandon the team for the rest of the season.

ADJUSTMENT OF FIRE LOSSES IS NOW COMPLETE

Only Fourteen Buildings Out of Hundred and Twenty-Eight Carried Any Insurance

A canvass of the damage done by the conflagration that visited Tonopah on Wednesday, Aug. 23, shows that a total of 128 buildings, including business buildings, residences and cabins, were destroyed. This property was located within a radius of four blocks below Oddie avenue, extending east and west, and the streets were cleared of structures almost completely, with a building left standing here and there. Rebuilding has already been started and it should not be many weeks until there will be a material change in the situation, as many have signified their intention of either rebuilding or of bringing over structures from Goldfield.

Adjustment of fire losses has practically been completed. Of those who carried insurance and who suffered a total loss were the following:

Nevada Wholesale Grocery	\$ 4,000
Peterson Produce Co.	1,000
Mrs. A. M. Bradshaw	1,000
Sumnerfield & Johnson, Inc.	2,500
Sam Ginotti	1,000
Charles Graham	2,000
Nov. Nat. Ice & Cold Storage	300
Mrs. G. Roletto	3,500
Flann Lewis	625
Loise King	400

Those who suffered partial losses were as follows:

Kate M. Hays	\$ 500
Domenica Cavaretto	1,000
Mrs. D. Gasti	1,000
Mrs. J. B. Townsend	500

Total Losses \$ 3,900

Complete losses \$16,325

Partial losses 3,000

Total \$19,325

The above figures by no means is any indication of the damage that resulted from the great conflagration. Of the 128 buildings destroyed only fourteen owners carried insurance, and in every case this was only a small amount in comparison to the actual value. Of the total number of buildings destroyed 114 had no insurance whatever, so the loss as originally given by the Bonanza, amounting to \$150,000, is unquestionably conservative and probably less than the actual damage that was incurred.

LUXURY TAXES LIKELY RUIN SHOTGUN CLUBS

In Some Cases Fees Will Run to Ten Thousand Dollars, Says Official Statement

SACRAMENTO, Calif., Sept. 1.—Between fifty and a hundred wealthy gun clubs of the Sacramento valley will be threatened with possible extinction through a raid on them for unpaid luxury taxes since 1918, it was said here by J. R. Marston, deputy internal revenue collector. The tax applies to fees and dues, which in some cases run to \$10,000 for each member. There also are delinquent penalties and interest. The estimated tax on the Goose club alone, with a \$10,000 initiation fee for each of the sixty members, will approximate \$100,000.

HARRY H. ATKINSON MEETS RECEPTIONS

Harry H. Atkinson, who is making a tour of the northern part of the state in the interest of his candidacy for the republican nomination for attorney general, is making a whirlwind canvass and meeting with generous receptions wherever he visits, according to word received in Tonopah this morning. Mr. Atkinson is in Ely today, will be in Elko tomorrow and in Fallon Sunday and Monday, arriving home late Monday night in order to cast his ballot at the primary election.

JAMES COLIN, AGED RESIDENT, IS DEAD

James Colin, a blacksmith, aged 72 years, died this morning at 1:30 o'clock at the county hospital. He came to the United States many years ago. He located in Nevada twelve years ago and was quite well known to the residents of Tonopah, where he had lived a long time. He was a single man, and so far as known has no surviving relatives. Death was due to old age, and he was admitted to the hospital on May 23 last. No arrangements for the funeral have yet been made.

PLENTY OF SUNSHINE DURING MONTH AUGUST

There was 79 per cent of sunshine during the month of August, according to the official report of J. C. Piercy, in charge of the local weather bureau. The highest temperature occurred on the 7th, with a registration of 90, and the lowest on the 15th, when 15 degrees above was recorded. The mean for the month was 70, while the normal for the month should have been 71.7. Total precipitation for the month was .77 of an inch, while the greatest precipitation occurred on the 24 and 25, with a fall of .31 to an inch. The mean relative humidity at 5 a. m. was 58, at 12 noon, 34, and at 5 p. m. 39. The prevailing direction of the wind was southeast, with a total movement of 5,047 miles and with an average hourly velocity of 8.8. The maximum velocity for five minutes was 32 miles an hour, which came from the northwest on the 3d. There were 21 clear days, no partly cloudy and no cloudy days during the month. Thunderstorms occurred on the 2d, 3d, 26th, 28th and 29th.

TWO GOLDFIELD MEN IN ARGONAUT MINE

Both Charles O'Berg and his son, A. W. O'Berg, are in the Argonaut mine at Jackson, Calif. Both are well known in Tonopah and Goldfield. Charles O'Berg, another son, who has been working on the Tonopah & Goldfield railroad section gang at Goldfield, left Thursday morning for Jackson, Calif. The death of the father and son in the mine would wipe out the entire family with the exception of Charles, as Mrs. O'Berg and a daughter died in Goldfield a few years ago. That both father and son are in the mine was confirmed by a telegram received by Charles O'Berg.

NEW ASSISTANT NAMED FOR TONOPAH DIVIDE CO.

Miss Charlotte Hodgson has resigned her position as stenographer and office assistant with the Tonopah Divide Mining company and has been succeeded by Miss Elsie Lang, popular with the younger social set of Tonopah. Miss Hodgson will leave next Tuesday morning for San Francisco, having received word that her mother is in poor health and that her presence is needed at home.

REPUBLICANS START ASSAULT IN DUBLIN

LONDON, Sept. 1.—A vigorous attack on the Four Courts building in Dublin, the scene of Rory O'Connor's spectacular stand against Free State troops, was started this morning, according to a dispatch to the Press association. It is assumed here the republicans are attacking the provisional government troops guarding the ruins of the building.

DIAMOND DRILL IS USED IN EFFORT TO REACH 47 ENTOMBED MINERS

JACKSON, Calif., Sept. 1.—With food to the imprisoned miners. A speedy truck bearing special drilling apparatus arrived here last night and efforts will be made to pierce the underground workings of the Argonaut from the lower levels of the Kennedy mine.

SITUATION IN SYRIA STUDIED BY BRITISHER

Member Parliament Trying to Bring Reconciliation of British and French

BEIRUT, Syria, Sept. 1.—Major Gen. Charles V. F. Townshend, who commanded the British forces which surrendered to the Turks at Kut-el-Amara in the campaign for Baghdad, is at present here as the personal guest of General Gouraud, the French high commissioner to Syria.

General Townshend, after the war returned to England from Turkey and was elected to parliament, where he has appeared as a critic of the policy of the British government in the near east. Special dispatch from London in May said the government had refused him a passport to visit Turkey, fearing his purpose to deliver pro-Turkish speeches. He was believed strongly to favor the Turkish side of the argument with Greece.

It is believed in Beirut that Gen. Townshend came to Syria in an effort to bring about a reconciliation of the British and French policies in Palestine and Syria. He has been quoted in a local newspaper as follows:

"The Turkish nationalist movement, which had led to Mustafa Kemal Pasha gaining all the real power in Turkey, would never have assumed its present attitude of hostility to the allies had not the treaty of Sevres proposed to dismember the Turkish empire."

He believes that the Greco-Turkish war must be stopped, and that the Greeks should renounce their claims to any part of Asia Minor and agree to the Turks retaining the ethnologically Turkish parts of Thrace, including the Moslem holy city of Adrianople. He suggests the Maritza river as the logical boundary in Thrace.

"Cutting off all Turkey's Arab provinces," asserts General Townshend, "is quite sufficient punishment for her having fought on the side of Germany. To leave Smyrna in the hands of the Greeks is to create an Oriental Alsace Lorraine that must inevitably provoke another war."

The defender of Kut-el-Amara expects to spend about a month in Syria. He will visit Cilicia and there arrange for a conference with Mustafa Kemal Pasha.

CLARENCE MAYES REMOVED FROM FIRE DEPARTMENT

Clarence H. Mayes was today removed as a member of the fire department by order of the board of commissioners, sitting as a town board, for reasons not made known. The appointment of Mayes' successor temporarily was made by Fire Chief Charles C. Askin, who named his stepson, Dick Miller.

J. D. JENKINS GIVES DINNER TO FRIENDS

J. D. Jenkins, better known as "Jenks," and a member of the Tonopah Trucking company, gave a seven-course dinner last night at Holly's Inn to eleven of his most intimate friends. Mr. Jenkins leaves tomorrow morning for Twin Bridges, Mont., where he will effect a settlement of his late father's estate, who was one of the prominent cattlemen of Montana. Those present were Messrs. Ed Kirchen, Floyd Lewis, Charley Baker, G. H. Marty, George Robb, D. G. Chase, George Martin, George W. Mannington, Cecil Brown and Charles Anderson.

It was a most pleasant evening that all enjoyed and joviality reigned supreme. The guests wished Mr. Jenkins good luck and prosperity during his absence, which, it is hoped, will prove of short duration.

DIAMOND DRILL IS USED IN EFFORT TO REACH 47 ENTOMBED MINERS

JACKSON, Calif., Sept. 1.—With food to the imprisoned miners. A speedy truck bearing special drilling apparatus arrived here last night and efforts will be made to pierce the underground workings of the Argonaut from the lower levels of the Kennedy mine.

GIBRALTAR IS FORGING AHEAD A GREAT CAMP

Development Has Resulted in Large Bodies of Ore Being Exposed in Tunnel

The showing on the property of the New Gibraltar Silver Mining company at Gibraltar is most encouraging, and it now begins to look like the holdings would eventually become entered among the list of substantial producers of the many outside districts of Nevada. In the lower tunnel, where exploratory work has been centered for the last several weeks, a body of ore 500 by a width of from 25 to 50 feet is exposed through crosscutting the vein that could probably be handled just long proper mining facilities were available. The tunnel has only been advanced for something like 35 feet, yet there is every indication that no ore shoot will be found extending for a good distance.

With a short tunnel it is hoped to obtain the scope of development and operations are to be prosecuted vigorously throughout the fall and next months, which means that with the advent of good spring shipments will be in order. New York and London capitalists have agreed to furnish the finances for the development of this promising property.

WIDOW OF TAYLOR IS PROBING HIS MURDER

LOS ANGELES, Sept. 1.—Independent investigation of the mysterious slaying of William Desmond Taylor, film director, found shot to death in his home Feb. 1, is being carried on by his former wife and daughter, who have been living here quietly for several days, it was learned. New authentic evidence has been obtained, according to members of a local film colony, assisting Mrs. Taylor and daughter, indicating a clew to the slaying lies somewhere in the correspondence and canceled checks of the slain man. The former Mrs. Taylor believes Taylor was slain by a woman.

BABE RUTH ORDERED OUT GAME THREE DAYS

CHICAGO, Sept. 1.—Babe Ruth of the Yankees was suspended today for the third time this season by President Johnson of the American League. He was suspended for three days. He will be eligible to return to the game on Labor day.

The suspension is a punishment for Ruth's language to umpire Conolly at New York last Wednesday.

BUTLER THEATRE

—TODAY—

CONWAY TEARLE
In "SOCIETY SNOBS"

A romance of smart society with a theme as novel as it is original. And
